CONWAY TOWN WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE TOWN OF CONWAY, County of Carroll, in the State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at Karl Seidenstuecker Auditorium at Kennett High School, Conway, New Hampshire, on Tuesday, the eleventh day of March, 1986, at nine o'clock in the forenoon to act upon the following subjects hereinafter set forth. Voting on Articles 1, 2, 3, 4, 5, 6, 7, 8 and 9 will be by official ballot and the polls shall open for balloting at nine o'clock in the forenoon or as soon thereafter as the Moderator calls the meeting to order and declares a quorum present. The remaining articles of the Warrant shall be acted upon at seven o'clock in the evening or at the closing of the polls if the meeting shall vote to keep the polls open to a later hour.

ARTICLE 1. To choose all necessary officers.

ARTICLE 2. To see whether or not the Town will vote to adopt Amendment No. 1 as proposed and recommended by the Planning Board for the Town zoning ordinance creating a Mountain Conservation District.

ARTICLE 3. To see whether or not the Town will vote to adopt Amendment No. 2 as proposed and recommended by the Planning Board for the Town zoning ordinance redefining "Home Occupation" and the permitted uses under a home occupation.

ARTICLE 4. To see whether or not the Town will vote to adopt Amendment No. 3 as proposed and recommended by the Planning Board for the Town zoning ordinance defining setback and frontage requirements of lots abutting lakes and rivers, and redefining building heights.

ARTICLE 5. To see whether or not the Town will vote to adopt Amendment No. 4 as proposed and recommended by the Planning Board for the Town zoning ordinance allowing modification of non-conforming commercial uses in the Agricultural/Residential District as special exceptions subject to conditions.

ARTICLE 6. To see whether or not the Town will vote to adopt Amendment No. 5 as proposed and recommended by the Planning Board for the Town zoning ordinance making miscellaneous changes in many sections of the code by adding, deleting or changing a word, phrase, sentence or small part of a provision.

ARTICLE 7. To see whether or not the Town will vote to adopt Amendment No. 6 as proposed and recommended by the Planning Board for the Town zoning ordinance allowing charitable fund raising events in the Agricultural/Residential District as a special exception subject to conditions.

ARTICLE 8. To see whether or not the Town will vote to adopt Amendment No. 7 of the Town zoning ordinance changing a section of land on both sides of the Fryeburg Road (Route #302) northerly of Maine Central Railroad and south of Saco River from the Agricultural/Residential District to the Highway Commercial District. This is a petitioned article not recommended by the Planning Board.

ARTICLE 9. To see whether or not the Town will vote to adopt the BOCA Basic Building Code 1984, as amended, (to be added as Chapter 89 of the Conway Code) which will apply to all non-residential and multi-family dwelling units, but excluding all single family dwellings from its provisions. This is proposed and recommended by the Planning Board.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of Two Hundred Thousand Dollars ($200,000.00) for the purpose of improving the CRANMORE LAKE SHORES MAIN ACCESS ROAD under the petition for conditional road layout (and with repayment to be by assessment of those served by said road in this development) and authorize the Selectmen to borrow up to said sum under the Municipal Finance Act with the Selectmen to arrange all terms and conditions of such borrowing and its repayment to be acted on by ballot of theTown. Recommended by the Budget Committee (10-0-0).

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of Fifty Thousand Dollars ($50,000.00) to be used for reconstruction of approximately 4,000 feet of SOUTH CONWAY ROAD. Recommended by the Budget Committee (9-0-0).

ARTICLE 12. To see if the Town will vote to appropriate the sum of Seventy Five Thousand Dollars ($75,000.00) to provide HANDICAPPED ACCESS to the Town Hall and the Police Station as mandated by Section 51.55(c), (d), (e), and (k), (5), of the Federal Revenue Sharing Act, 1983: the above improvements to include entrance ramps at both buildings, doorway and bathroom changes, and a lift to the second floor at the Town Hall; and to authorize the withdrawal of that sum from the Federal Revenue Sharing Fund. Recommended by the Budget Committee (8-0-0).

ARTICLE 13. To see if the Town will vote to appropriate the sum of Sixty Five Thousand Dollars ($65,000.00) to purchase rights of way, preliminary survey, design, cost estimates and environmental assessments of a TOWN

ROAD BETWEEN ROUTE 302 AND OLD BARTLETT ROAD, and authorize the withdrawal of that amount from the Federal Revenue Sharing Fund. Not recommended by the Budget Committee (4-5-0).

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of One Dollar ($1.00) or such other sum as may be necessary to fund the cost items relating to INCREASES IN POLICE OFFICERS' SALARIES and benefits for 1986 attributable to the Collective Bargaining Agreement being entered into by and between the Conway Police Commission and the American Federation of State, County and Municipal Employees, Council 93, Local 859, as the result of negotiations on behalf of certain employees of the Conway Police Department. Such sum of money represents the additional costs attributable to an increase in salaries and benefits over those obligations payable in 1985.

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

To the Members of
The Board of Selectmen
Town of Conway
Conway, New Hampshire

We have examined the combined financial statements and the combining fund and account group financial statements of the Tonw of Conway, New Hampshire as of and for the year ended December 31, 1984, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Town of Conway, New Hampshire at December 31, 1984, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Conway, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

SELECTMEN'S REPORT

What are the major problems confronting our growing town and your Board of Selectmen and Town Hall staff? Traffic congestion, disposal of solid waste and the increasing volume of septage generated in North Conway continue to be the outstanding concerns. In addition, the construction of many condominiums (49 in 1984, and 24 in 1985) in Conway, plus rapid growth of factory outlet stores (12 in 1984, and 15 in 1985) are changing the general character of our town. One's point of view determines whether or not the changes are desirable. This observation is made only to record the fact of much change in a relatively short period of time - and there is no indication the pace is slackening.

Largely, through skilled efforts of Conway's State Legislators, enthusiastically assisted by Raymond Burton, Executive Councilor of our District, the Governor and Council have adopted a 10-year plan which includes $34.5 million for a toll road bypass which is scheduled to be operational in 1993. An environmental impact study is now underway.

When the bypass is in operation there will be substantial reduction of through town traffic. This alone will not change the need for local traffic circulation, a need which even now is an exasperating problem. This need was the basis of one of the major recommendations of the 1983 Master Plan: the construction of an Eastern Connector road (a rough equivalent of the West Side Road on the east side of town) which would extend from Redstone to Mt. Cranmore and Kearsarge Village. The Selectmen strongly endorse this project. There are obstacles involved with this proposal, apart from the problem of money, which we must always consider. The road would cross Conservation land east of Pudding Pond which was purchased in part by Federal funds and, therefore, Federal permission will be required - not always easily obtained. The Selectmen weigh the need for this road against the marginal impact on the Conservation land and we believe the greater benefit to the town lies in our ability to circulate traffic more freely within the town. Furthermore, such a road would also provide better safety with a much needed second access for fire and emergency vehicles.

After five years of study and much negotiating, the Selectmen, on authority of the October 26, 1985 Special Town Meeting have signed a contract iwth Remedial Resource Recovery, a local corporation, to take our solid waste, burn it and produce electricity - all to be on a site adjacent to the town's landfill. Certain items such as refrigerators, building debris and stumps are excluded from the contract. At the time of writing this report RRR had not completed its financing; but assuming this will be arranged, the Selectmen

are confident an excellent solution to our solid waste disposal will have been accomplished and that operations will begin in 1987.

It has been a fairly common assumption that ultimately a sewer system will be required in North Conway. This is because of continuing growth and its consequent septage impact on the aquifer, the sole source of our drinking water. The Selectmen have been urged by the New Hampshire Water Supply and Pollution Control Commission to engage consultants to study the problem. The U.S. Geological Survey has recently completed extensive hydrogeological tests of our aquifer. Preliminary indications show that the groundwater is being affected by sewage load in North Conway. The analysis and report is expected to be completed next summer. A warrant article is being entered for $30,000 to cover a survey.

The variety and number of problems winding up at Town Hall seem endless and increasing. Some of them are discussed in the Town Manager's report found elsewhere in this booklet. Many of them are resolved during the Selectmen's weekly meetings; many others are handled by our competent Town Hall staff.

Curt Lunt, Town Manager, has mastered his job and is well assisted by John Walsh, Assistant Town Manager. Curt's praise of his staff is enthusiastically endorsed by the Selectmen.

Respectfully,

ROBERT BUMSTEAD, Chairman
Board of Selectmen

Smith Eastman Canoe Landing

TOWN MANAGER'S REPORT

1985 was a very busy year with the Selectmen and I spending a great deal of time dealing with the issues of solid waste and septage. We saw our transfer station fully operational with over ten thousand tons of garbage shipped to a private landfill in Bethlehem. This has been a successful but expensive short term solution to our solid waste woes. The fifteen year agreement signed with Remedial Resource Recovery for incineration is required to be financed by mid February and on line by late 1987. If successful, this operation should lower our long term cost.

It is quite apparent that there are no inexpensive solutions and that past operations may not have been so inexpensive at all. We are required to cover and close out our present landfill, but are hindered from doing so due to the pollution in our 10 monitoring wells. This is related to the septage lagoons which have been receiving more than 2 million gallons each year. We are presently investigating the source or sources of the contamination. The pollution at the landfill, along with a USGS aquifer study, has lead us to propose re-examining the need for sewers in North Conway.

In 1985 the Town worked in many areas which are important, but received little public attention. We resurfaced nearly 5 miles of Town roads, rebuilt 3500 feet of South Conway Road, replaced the Tasker Hill Bridge, built the Smith-Eastman Canoe Landing Project, and built an additional fire pond on West Side Road, for example. Our Community Development Block Grant Housing Rehabilitation Project in Center Conway improved 20 housing units during the year. The Selectmen also signed an agreement with State Cable T.V. to extend service to 6 miles of East Conway Road and Stark Road during 1986.

While we have many activities and projects proposed for 1986, it is with your active participation that we can best meet the challenges ahead.

The Board of Selectmen meet in open public session on Mondays and minutes of those meetings are on file at the Conway Public Library.

Thank you for your support and assistance.

Respectfully submitted,

CURTIS H. LUNT
Town Manager

REPORT FROM YOUR CHIEF OF POLICE

1985 has been a very busy year for your Police Department. Requests for Police Services were up 3% over 1984. Even without the presence of the Volvo Tennis Tournament, traffic on the strip this past year was up 7%. This shows that there was an average daily increase of over 1000 cars.

1985 was also a year of great tragedy due to the four fatal accidents that occurred on our highways. All of these fatal accidents were alcohol related. By this I mean that not all of the parties involved were drunk, but in each of the accidents at least one of the operators had been drinking.

This year we would like to add a Juvenile Officer position to the Department. During 1985 your Police Department investigated 20 Felonious Sexual Child Abuse cases. So far this year from January 1st to January 28th we have received three more cases. These cases are very time consuming and need a full time investigating officer.

We also would like to purchase the equipment to go on line with the New Hampshire State Police Telecommunications System. The first year the cost of this system is approximately $11,000.00. 50% of the cost would be funded by the New Hampshire Highway Safety Agency. After the first year, the yearly cost to use and maintain this system would be approximately $3,000.00. This system will allow us to retrieve motor vehicle listings, license checks, N.C.I.C. checks, etc. from any state in the U.S. in 3 to 5 second which will save the Town many man hours a year. It will also make our patrol officers' job much safer due to the retrieval time. He will be able to know if a car is wanted before he makes a stop.

With your continued support both of the above requests will allow your Police Department the opportunity to serve you better.

Again this year we have underexpended the Police Budget and are able to return approximately $24,000.00 back to the taxpayers. We will continue to spend your dollars wisely without hindering the operation of the Police Department and its services to the citizens of the Town of Conway.

This is Commissioner Wesley S. Gleason's last year as Commissioner. He has served the Town and the Police Department for three faithful, dedicated years. I would like to wish him the best and thank Wes, Commissioner Robert F. Porter, Commissioner Ronald A. Light and the members of the Conway Police Department for their support in 1985.

REPORT OF THE CONWAY POLICE COMMISSION FOR 1985

Our taxpayers can be thankful for a competent and conservative Chief of Police and a Department that for the second year in a row has brought their department to year's end within the budget.

The Commissioners, at the request of the Chief, created the position of Corporal within the structure of the department. After competetive examinations, Mike Davis, Jeff Dicey and Eric Porter were promoted to the grade of Corporal.

Turnover of personnel was minimal. Dispatcher Liz Dionne resigned to accept a similar position in Concord, N.H. with the State Police. Patrolman Daniel Buttrick resigned to accept a position with the Bartlett Police Department.

As usual the canine situation has continued to be a problem in the town. We were extremely pleased to welcome back on board Betty Holmes who always does an excellent job with the woof, woofs.

Patrolman Matt Weegar (who had prior training at the Maine Police Academy) was certified by the N.H. Police Standards & Training Council.

An excellent working relationship exists with the present Board of Selectmen, Town Manager and Staff. A special thanks to Mary Conlon for her assistance with our computer printouts.

In a community of ever increasing growth and taxpayer needs, the Conway Police Department has felt the pinch of limited space as other town departments have. It is our sincere hope that Conway Taxpayers will soon address the need for a central municipal building that serves the entire town.

BOARD OF ADJUSTMENT REPORT

1985

The Board heard 35 appeals resulting in the following action:

Special Exceptions-21
18 Granted
1 Not Granted
2 Withdrawn

Variances-9
4 Denied
4 Granted
1 Withdrawn

Administrative Decisions-5

5 Upheld

The major number of cases coming before the Board continue to involve signs, many of which concern the changing of existing or "grandfathered" signs. The failure to pass of the article on the 1985 Warrant involving the so-called "housekeeping" wording of the ordinance was reflected in some of the decision making of the Board, and it is hoped the Town will positively reconsider this article as presented in 1986.

The number and type of cases heard by the Board reflect that the planning process established by the Town is working well and is being utilized by concerned developers to enhance their projects.

Verland Ohlson retired from the Board and was replaced by Chris Marchioni. Darrell Trapp replaced Kevin MacMillan as Alternate when Kevin was elected to the Planning Board. The Board expresses its appreciation to both for their participation.

TOWN OF CONWAY PLANNING BOARD CHAIRMAN'S REPORT

This has been an extremely busy year for the Conway Planning Board, between a full agenda of subdivision and site plan applications, and considering changes for all regulations.

The general economy took a positive turn in 1985 with lower interest rates and a pent-up demand for prospective buyers to purchase property. The snowballing effect brought a deluge of growth and development to Conway in the form of condominiums and planned unit deveopments, subdivisions and Route 16 commercial development.

The following applications were processed at posted public hearings throughout the year from January 1, 1985 through January 31, 1986:

	CONSIDERED	APPROVED
Major subdivisions	26	22
Minor subdivisions	10	7
Boundary line adjustments	10	10
Total number of lots	66	66
Total number of units	466	327
Site plan reviews	44	35
Site plan exemptions	58	44
As-built plan reviews	9	9

There are a number of applications that are still under review by the Board that will carry into the next year of business, along with many new applications submitted.

I would like to commend the Planning Board members for their unselfish time spent in trying to enforce, guide and plan the growth in Conway, The commercial development within the last couple of years has been tastefully done with green space, landscaping and appealing architecture.

The proposed changes to the zoning regulations include some major changes, along with minor housekeeping changes intended to tighten the existing regulations. During our public hearings, public input will endorse or make additional changes or deletions to our proposed changes. This is a very important and necessary part of our democratic process which should not be taken lightly.

I would like to thank the Board members, alternates, Paul King, Kathy Szympruch, and the people of Conway for their support during the year. The

Planning Board will be losing two members, Jan Weinraub and Bill Marvel, after three years of dedicated service. Hopefully, the 1986 elections will bring two new members with their own enthusiasm, new ideas and philosophies to the Conway Planning Board.

Respectfully,

CONWAY PLANNING BOARD

REPORT OF LIBRARY TRUSTEES

1985

The high point of 1985 was the open house, held on March 3 in the beautifully remodeled basement, to celebrate the completion of Project READ (Renew, Expand and Develop) which had been only a dream in 1982. This event was attended by many enthusiastic area residents and officials from the State Library.

There was a gratifying increase in activities at the library in 1985. The number of people coming into the library increased 33% over 1984, circulation 11.5% and reference questions answered 80%.

Hours the library is open were increased from 38 to 56 a week.

The library has become a model in the state, and visitors from many other libraries have come to see it and to learn how Project READ was accomplished. The elevator, providing access for the handicapped, is frequently used. The meeting room is used by many civic, cultural and educational groups, as well as for expanded library programs.

Library service has been improved by the addition of a micro-film/fiche reader printer and a micro-computer, which speeds inter-library loans by access to the State Library union list.

The staff is conscientious, professional and friendly. Volunteers, who contributed 294 hours in 1985 enthusiastically support the library. The annual book sale depends largely on volunteers; the Conway Woman's Club helped with the book sale, and decorated two Christmas trees, one in the new area, and another in the great hall.

Keith Henney, who gave the library the Nella Braddy Henney History Room, established a trust, the income from which is to be used to defray the expenses of maintaining, operating and improving the History Room. He suggested that part of the income from this trust be used to employ a part time library assistant to work under the supervision of the librarian, to provide such services as adding relevant material to the collection, cataloging, developing and maintaining a master local history index, and sponsoring history projects for students. Mrs. Ann Cullinan enthusiastically started working on this project in the fall.

The trustees and staff again express deep appreciation to the many organizations and people who support the library. We look forward to continued growth in meeting the rapidly expanding civic and cultural needs of the community.

HELEN BUMSTEAD, Chairman
Library Trustees

REPORT OF THE CONWAY CONSERVATION COMMISSION

This year's major emphasis was on inventory of all the parcels of land owned by the Town and managed by the Conservation Commission. Not only did we look at deeds, but also to see if boundary lines were blazed, signs present, current condition, when last visited by members and what the recommended use should be of the properties. Each member is responsible for a certain tract of land and also gathering historic information about the property. Should someone have pictures of information about present owned land, the Commission would like to obtain a copy.

With the help of the Pequawket Foundation, Kennett Corporation and the Conway Conservation Commission, the Abenaki property bordering the Worcester Hill Town Forest was purchased by the Town and will be managed as part of the Town Forest.

It was reported to the Selectmen that a private tennis court was built over the boundary line of the Pudding Pond property. The Town Manager is investigating the problem.

The Conway Conservation Commission opposed the Selectmen's proposal to develop an Eastern Connector road through the middle of the Pudding Pond property.

The Commission's monthly meeting is held on the 2nd Tuesday at 7:30 p.m. at the Extension Service Conference Room on Main Street in Conway.

REPORT OF CONWAY RECREATION CENTER

This has been another busy year for the Conway Recreation Center. We are truly a Community Center and provide over sixty different recreational programs. The building and facilities are used by several civic groups, government agencies that help local residents, non-profit groups use it for meetings and workshops, along with the programs that the department sponsors.

The skating rink is a vital part of Conway Village and is often used 12 to 15 hours a day. The Junior High and High School use it for physical education classes, local kindergartens and Conway Elementary School groups skate each week. The Center offers skating lessons, pee wee hockey, a Junior High hockey program, and it is used by recreational skaters of all ages.

The summer palyground program continues to be popular with activity being offered in arts and crafts, hiking, special trips, swimming and sports programs, just to name a few.

A new program this past summer on our playground was to mainstream five local Down's syndrome youngsters into our existing program. This was most successful and we hope the Town will support a special article to continue this program so all youngsters will have the opportunity to enjoy new recreational experiences.

I would like to thank the Recreation Commissioners, Precinct Commissioners, the Conway School District for use of its facilities, the volunteers who make our programs a success, and the taxpayers for their support.

Respectfully submitted,

KENNETH R. JONES
Recreation Director

NORTH CONWAY COMMUNITY CENTER REPORT

The Board of Directors and the staff of the North Conway Community Center had a busy year. Some new programs were started and there was some good growth in the established activities.

We continued our fund raising endeavors again and added the Portland Symphony and Jumping in the Clouds to our food concession income. Those 2 events alone gave us almost $5,500.00 in unbudgeted funds. These are funds that are used for our special projects.

Over the past decade the Board has annually invested monies back into the land and building and programs. 1985 was no exception. Major fence improvements, new outside bulletin board, hockey uniforms, football uniforms were some of the special projects for the year.

The Board and staff will continue to seek new programs and new ideas so that we can maintain our high level of recreational service to our community.

CONWAY RECREATION ADVISORY COMMITTEE

In late 1984, the Conway Board of Selectmen formed the Conway Recreation Advisory Committee (CRAC) to aid it in addressing the recreation needs of the community. A seven member committee was appointed to coordinate existing programs, develop budgets, plan for future recreational needs, and investigate the acquisition of property for recreation. CRAC has met monthly and has made the following recommendations to the Board of Selectmen:

1. Davis Park - CRAC recommended various physical improvements to the site, including an expanded parking area, which were accomplished in 1985.

2. Recreation Personnel - A recommendation has been accepted by the Board of Selectmen to budget for a summer Park & Recreation Supervisor and for two part-time lifeguards at Conway Lake Beach. The Park & Recreation Supervisor's duties will include organizing summer recreation programs at Davis Park, the supervision of personnel and activities at Conway Lake Beach, and the gathering and evaluating of usage data at other recreation areas such as First Bridge and the Smith-Eastman Landing. A budget appropriation for these positions will be considered at the annual Town Meeting.

3. Needs Assessment - A meeting was held in January at the Pine Tree School to gather data on the recreational needs of children in the Center Conway, South Conway and East Conway areas. CRAC expects to make recommendations regarding programs in these areas if the needs warrant them.

4. Land Acquisition - The Committee continues to study possible recreation sites which could serve the needs of the Town in the future. Toward this end, CRAC is requesting that the Town Meeting act favorably on a warrant article which would create a Capital Reserve Fund for the acquisition and development of a swimming area and provide initial funding of $15,000.

REPORT OF EASTERN SLOPE AIRPORT AUTHORITY

Your Airport Authority has made application to the FAA for an additional 500 foot runway extension and a new large truck-mounted snowblower. If approved, we will receive 90% federal funding, 5% state funding, with the remaining 5% to be contributed from local sources. Our 1986 budget shows a capital improvement account balance of $21,600.00 which should cover our share of the anticipated capital improvements for 1986. Our share of the snowblower cost cannot be taken from the capital improvement account.

Our general operating expenses (electricity, snowplowing, mowing, road maintenance, runway maintenance, etc.) continue to grow each year as the facilities are improved and airport usage increases. We are making a sincere attempt to direct the airport to become self-sufficient with respect to operating revenues.

Other major improvements have been the implementation of airport standards consistent with FAA guidelines for facilities of our size, and the opening of negotiations with a professional manager to provide all the related services our recreation based community requires.

With the closing of North Conway Airport it is becoming apparent that Eastern Slope Regional Airport will be the airport that will service the region. It is, therefore, our expectation that the airport usage will continue to increase.

We appreciate your continued support.

WATER SAFETY REPORT

Thanks to the efforts of local Red Cross Water Safety Instructors, swimming lessons were held once again last summer with a record number of children enrolled (288) at Conway and Echo Lakes. Unfortunately, a widespread shortage of qualified instructors left us minus two teachers, resulting in larger classes and overloaded instructors. Kathryn Burnell and Ann Ostroski taught at Echo Lake. Special mention must be made of Bobbi Hemeon who did an outstanding job all alone at Conway Lake. Thanks also to all the parents who helped out. We need to recruit more instructors and urge anyone aged 17 or older with an interest in Water Safety to contact the Mt. Washington Valley Chapter of the American Red Cross for training opportunities.

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGERS

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.
